

Acknowledgements

Throughout the writing of this dissertation I have received a great deal of support and assistance. I would first like to thank my supervisor, Dr. M. Gellar, whose expertise was invaluable in the formulating of the research topic and methodology in particular.

I would like to acknowledge my colleagues from my internship at Central P. for their wonderful collaboration. You supported me greatly and were always willing to help me. I would particularly like to single out my supervisor at Central P., Ms. P. Buffay. Phoebe, I want to thank you for your excellent cooperation and for all of the opportunities I was given to conduct my research and further my dissertation at Central P.

I would also like to thank my tutors, Messrs. R. Geller and C. Bing, for their valuable guidance. You provided me with the tools that I needed to choose the right direction and successfully complete my dissertation.

In addition, I would like to thank my parents for their wise counsel and sympathetic ear. You are always there for me. Finally, there are my friends, who were of great support in deliberating over our problems and findings, as well as providing happy distraction to rest my mind outside of my research.
